

SODIUM METABISULPHITE

Instructions for use;

Sodium Metabisulphite can be used in two ways, either as a sanitiser or as an antioxidant to stabilise and preserve your beer or wine.

We don't recommend using it as a steriliser though and would point you in the direction of our NBS No Rinse (SKU: CHE-02-001) product.

To use as an antioxidant.

Add;

0.116g per litre

0.44g per US gallon (3.8 litres)

2.2g per 5 US Gallons (19 litres)

To use as a steriliser.

Dissolve 15g per litre in warm water. The equipment to be sterilised needs to be immersed in the solution for a period of at least 10 minutes.

Safety instructions.

Skin contact:

Wash immediately with plenty of soap and water.

Eye contact:

Bathe the eye with running water for 15 minutes.

Ingestion:

Wash out mouth with water. Do not induce vomiting. If conscious, give half a litre of water to drink immediately. Transfer to hospital as soon as possible.

Inhalation:

Remove casualty from exposure ensuring one's own safety whilst doing so. Consult a doctor.
